ORDER FORM

Sample(s) data		
Sample description (e.g. sample name, lot number, date of sample collection, etc.)	Scope of analysis (name of parameter, test method)	Additional information (e.g. method of sample preparation, sample averaging, storage time and temperature)
☐ I agree to outsource part of the test to a supplier selected by AGROLAB Polska Sp. z o.o.		
• Paper form of documents payable in accordance with the current offer. • The measurement uncertainty/confidence interval is given in the test report for quantitative results when it is important for the validity or application of the test results, this is agreed with the customer, the measurement uncertainty/confidence interval affects compliance with the specified limit. • If the decision-making principle for determining the compliance of test results has not been specified in legal regulations or by the Client, the laboratory applies the principle of simple acceptance based on the guidelines of the ILAC-G8:09/2019 document. • If no testing methods are specified in the order or the offer is not referenced, the Laboratory reserves the right to select the testing methods it deems appropriate for the sample being tested. The client will be informed of the selected testing methods in the order confirmation. Failure to submit any objections or comments regarding the information contained in the order confirmation constitutes acceptance of the terms and conditions of the order. • The test results contained in the Test Report are the sole property of the Client. The laboratory guarantees the Client the confidentiality of the tests and the protection of their personal data, unless there is an immediate threat to human or animal health or life. In such cases, the laboratory will notify the relevant authorities in accordance with applicable law. • Tests performed at AGROLAB Polska Sp. z o.o. are subject to the "General Terms and Conditions of Cooperation" available at www.agrolab.pl
